

Herongripa

Heavy-duty, animal fat-resistant matting designed to keep food processing areas safe.

Oils, acids and animal fats are no match for Herongripa, a specialized matting solution designed to keep food processing environments free from slippery floors, as well as relieving employees from fatigue.

The mat's extra wide open grid means waste and other spillages fall straight through, keeping the standing area free from hazardous material. Made from a single piece of heavy-duty non-porous PVC, the matting is easy to handle and clean with a high pressure hose, making maintenance a breeze.

Features:

Diamond-cut pattern

Two-layer construction with extra wide grid

Made from non-porous plasticized PVC

Anti-fungal and anti-bacterial additives

Comes in 5m (16'6") or 10m (33') rolls

Benefits:

Certified slip resistant (DIN 51130:R11 ASTM 1677:0.8/0/7)

Excellent drainage

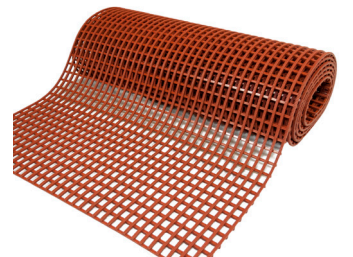

Resistant to animal fat

Excellent hygiene, easy to clean

Quick to install

Standard sizes:

Product	Herongripa
Height	15mm (5/8")
Standard roll options	5 x 0.6m (16'6" x 2')
	5 x 0.91m (16'6" x 3')
	5 x 1.22m (16'6" x 4')
	10 x 0.6m (33' x 2')
	10 x 0.91m (33' x 3')
	10 x 1.22m (33' x 4')
Weight	4 4.3kg/m ² (0.88lb/sq.ft)

Tolerances:

	Height (+/- 0.5mm)	Length (0+0.3m)	Width (+/- 1cm)
Herogripa	15mm	5m 10m	60cm 91cm 122cm

All dimensions are nominal

Technical information:

Acoustic	Excellent sound absorption
Chemical	Resistant to most acids, alkalines and oils. You can read more about specific chemical resistances by downloading this information sheet .
Composition	Made from flexible animal fat resistant Polyvinyl Chloride (PVC)
Environment	Herongripa is 100% recyclable. We don't use any substances included in the SVHC list under REACH in any of our matting products.
Hygiene	Made from non-porous PVC that's naturally resistant to bacteria growth. Incorporates anti-microbial and anti-fungal additives for continuous hygiene.
Reversion	Thermoplastic shrinkage can result in size reductions up to 2%. This may be accelerated in hot environments. You can read more about the causes of shrinkage by downloading this information sheet .
Slip resistance	ASTM F 1677 - Dry/Wet: 0.8/0.7 DIN 51130: R11, V10
Thermal	Designed to function at temperatures from -23°C and up to +60°C. Slight size variation may occur at temperature extremes.
UV light	Resistant to PVC degradation
Warranty	Three years. Visit our policies page for more information about warranties

Installation:

Herongripa's one-piece construction means installation is simple:

- Comes in 5m and 10m rolls
- Loose lay
- Contours to uneven surfaces

Cleaning:

Keeping Herongripa looking good is easy:

- One piece covering
- Easy to handle
- Roll or lift to clean
- Easy to clean with a high pressure hose

Colours:

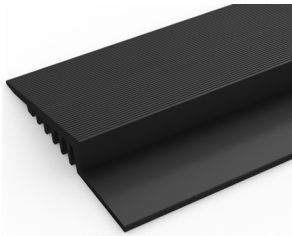

Terracotta
